### **Register for new program – Daring Women in Aviation**

The Town of Estes Park's Senior Services has added a new, innovative line of programming at the Estes Park Senior Center, 220 Fourth Street. Senior Services has partnered with the Senior Learning Network (SLN) to bring a variety of live, interactive videoconference programs to Estes Park. Through the wonders of technology, programs will come directly over the Internet to the Senior Center and participants will be able to listen to and speak with presenters live, in real time.

The first SLN program will be held on Friday, March 20 from 10:00 a.m. to 11:00 a.m. The program, Daring Women in Aviation, will be presented in a live, interactive video format by NASA staff members. The program is free, however advance registration is required due to space limitations. Call or stop by the Senior Center to register. This SLN program is sponsored by the Estes Park Medical Center.

According to the SLN, women have played a major role in the history of aviation. From Harriet Quimby and Katherine Stinson, whose flying careers began just after the Wright brothers' first flight, to Eileen Collins piloting the Space Shuttle Discovery, women have made significant contributions to the history of aviation, despite the many obstacles. This videoconference will provide background information on seven famous women in aviation history.

Senior Learning Network programs will be offered throughout the year at the Senior Center with a wide variety of subject matter. For more information about the Senior Learning Network, please visit their website at [www.seniorlearningnetwork.com](http://www.seniorlearningnetwork.com).

Contact the Senior Center to register for this program at (970) 586-2996.
